

Tax aspects for a global economy

26th - 27th September 2019
Frankfurt am Main, Germany
Grandhotel Hessischer Hof

An Advoc Tax Practice Group Conference

About

ADVOC

ADVOC is an international network of independent law firms, sharing international expertise in jurisdictions across the globe.

Each member of ADVOC has a proven record of immediate response to the needs of clients of other member firms. Each member is committed to ensuring that all clients will be more than satisfied with the service provided.

Members are selected to join ADVOC for their wide experience of commercial work within their region. No fees or commission are charged for introductions and no time is wasted. As a result, referrals can be made quickly and with complete confidence.

Following an introduction, clients may choose to work directly with the ADVOC member required or they can call upon their previous lawyer to act as a co-ordinator and correspondent on their behalf. This is particularly valuable if work is to take place in several countries simultaneously.

ADVOC TAX PRACTICE GROUP

With our international network, we can advise in complex legal situations, whether they concern one country, several or cross-border.

Tax regulations inevitably evolve as the international and crossborder economy progresses. The tempo of global integration keeps up. Here, legal support must remain in step with jurisdiction. The members of the Tax Practice Group are committed to keeping up to date with legislative changes to address these legal needs.

LSV RECHTSANWALTS GMBH
